CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.
- (b) If the option to re-test is given, the Purchaser may require the following Tests—
 - (i) Single Intradermal Comparative Test for Tuberculosis;
 - (ii) Agglutination Test for Contagious Abortion; and
 - (iii) Complement Fixation Test for Johne's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.

- (c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.
- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in

an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).

- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
- (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph)

less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. Under the Brucellosis Eradication Scheme all animals entered for sale must have been subjected to, and passed, a blood test for Contagious Abortion within two weeks of the date of the sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers, any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of The Shorthorn Society

of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of One Shilling per guinea, also a Levy of eightpence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.
- (c) The Auctioneers shall be entitled to charge against the owner one per cent. on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
- (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.

16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

Unlicensed Bulls of the prescribed age exposed for Sale at Auction Marts

Attention has been drawn by the Secretary of State to the increasing number of unlicensed Bulls exposed for sale throughout Scotland.

In terms of the Improvement of Livestock (Licensing of Bulls) Act, 1931, the prescribed age at which all bulls must be licensed is **10 months**, and applications must be submitted to The Department of Agriculture for Scotland, St. Andrew's House, Edinburgh, 1, not later than 28 days before the animals attain the prescribed age. There are no grounds for the belief that applications for licences do not require to be made until the animals are used for service.

All Bulls (10 months and over) exposed for sale must, therefore, be accompanied by the Licence issued by The Department of Agriculture for Scotland.

**All Reserve Prices to be handed to the Clerk of Sale before Nine

REFERENCE TO SIREs

ARDBENNIE

ARDBENNIE HORNBEAM (25051), roan, calved 17th December, 1963—sire, Bapton Crocus Robin (22174); dam, (88341) Naemoor Flossy Dingle by Calrossie Defiance (391667).

Ardbennie Hornbeam was 1st in his class at Perth in 1965 and was purchased for 1600 guineas for the Coldoch Herd. The top sires in his pedigree were the same as Ardbennie Horoscope, purchased the same year by Señor Carlos Duggan for 8000 guineas. He is a bull with plenty of size and great bone, and is being used exclusively on Calrossie Power-Drive heifers.

ARDBENNIE KEYSTONE (27377)—sire, Bapton Crocus Robin (22174); dam, (91620) Pittodrie Rhode Blossom by Beaufort Captive (6063).

Ardbennie Keystone was purchased at Perth in February, 1966, for 1500 guineas after being judged junior and reserve supreme champion. Bapton Crocus Robin needs no further comment. Pittodrie Rhode Blossom has been one of the most successful females at Ardbennie, and in addition to Ardbennie Keystone, she is the dam of Ardbennie Red Robin (620 guineas to Argentina), Ardbennie Justifier (1000 guineas to Argentina) and of two daughters which have been retained in the herd. Ardbennie Keystone's calves to be forward at Perth for February, 1969, show a most remarkable number of white bulls. This would appear a complete coincidence, since out of his crop of calves in 1968, only two are white.

BALDOWRIE

BALDOWRIE ALBATROSS (27600), red, calved 14th March, 1965, bred by Messrs. G. G. Rutherford, Baldowrie, Ltd., Coupar Angus, Perthshire—sire, Calrossie Freebooter (17436); dam, Ballathie Avenne (407947).

Ballathie Avenall, a full brother to Baldowrie Albatross, was sold at Perth in February, 1965, for 2000 guineas, to join the famous Sittyton Shorthorn Herd in the Argentine.

BAPTON

BAPTON CROCUS ROBIN (22174)—sire, Bapton Brave Robin; dam, Bapton Mary Crocus.

Bapton Crocus Robin was 2nd in his class at Perth in 1963, when he was purchased for Ardbennie at 3500 guineas. His sire, Bapton Brave Robin, a massive bull, with tremendous bone, was a double grandson of Bapton Constructor, whilst his dam, Bapton Mary Crocus, an outstanding female of this famous Bapton Crocus family, among her many show successes, won four supreme championships. She was by Bapton Enterprise, who sold for £12,000 in the Argentine in 1953. His first crop of calves at Perth in February, 1965, averaged just over £2000, making him the top sire of that year, and, in 1966, he sired Ardbennie Keystone, junior and reserve supreme champion, and sold for 1500 guineas. In 1968 another son, Ardbennie Loch Broom, sold at Perth in February, became reserve male champion at the R.A.S.E. Show and supreme breed champion at the Great Yorkshire Show. Most of the bulls at Ardbennie for February, 1969, are either sired by him or out of his daughters, one of which was recently exported to Mrs. Brennen, Washington, U.S.A., for a high figure. Bapton Crocus Robin died in September, 1968.

BEAUFORT

BEAUFORT GRADUATE (19926) has sired two two-year-old champions, one junior champion, one reserve two-year-old champion, all the group prizes in 1965 and 1966, and the best group of three by the same sire in 1967. Bulls sold at Perth have made 2400, 2200, 2000, 1800, 1200, 1200 and 1150 guineas. Sons of Beaufort Graduate have topped the Imported Bull Sale in the Argentine for the last three years, and a daughter was female champion at the Royal Highland Show in 1965.

BURNTON

BURNTON BLANCO (26083)—sire, Beaufort Graduate; dam, Burnton Clara Clem by Beaufort Chevalier; g.-dam, Leila Clara.

Burnton Blanco, with his great head and strong bone, sired a number of great calves, including Upsall Benefactor, the much admired 5th prize winner in last year's, supreme champions', South Africa Trophy class. He was purchased privately from Mr. Anderson. Beaufort Chevalier is out of Mr. Marshall's best breeding families. Leila Clara cost 1200 guineas at the Craggleton Dispersal.

BURNTON SANTA CLAUS (26092), born 21st May, 1964—sire, Beaufort Graduate; dam, Burnton Eliza Pearl.

Burnton Santa Claus, a massive white bull with tremendous bone, was purchased at Perth in February, 1966, when he was 2nd in his class, for 2200 guineas. This is his first crop of calves.

CALROSSIE

CALROSSIE PANORAMA (19970), purchased at Perth for 3200 guineas, has proved an outstanding breeder of males and females, his gets being beautifully fleshed, with plenty of scale and substance. Casares, Junr., Memorial champion Cup; also 1st in his class, two-year-old champion and supreme champion at Perth February Sales in 1966, selling for the top price of 4600 guineas to Señor Francisco Vila Moret, Buenos Aires. He also sired Dron Adrian, 1st in his class and reserve two-year-old champion at Perth in 1966, selling for 1600 guineas to Col. Wood, Heigholme Hall, near Hull; and Dron Arbiter, 1st in his class and winner of the South Africa Trophy at Perth in 1965, selling for 1500 guineas to Señor Flores Piran, who subsequently resold him in the Argentine for £4200. His female gets have acquitted themselves most successfully in the show ring, winning both at national and local shows.

CALROSSIE POWER-DRIVE (19972), red, calved 20th March, 1960—sire, Banchory Orangeman (8074); dam, (11310) Calrossie Flossy Frances by Calrossie Claymore (396198).

Calrossie Power-Drive was bought at Perth for 2000 guineas in 1961 for the Coldoch Herd, and the next year, his full brother, Calrossie Pre-Eminent, was purchased by Mr. Alan Grant for 3000 guineas as a stock bull for the Thorn Herd. He is a bull of great quality and of a beautiful, deep red colour, while his dam is generally acknowledged as one of the best cows at Calrossie, with lovely character and good lines. His grandam, Calrossie Flossy Flora, is

a full sister to Calrossie Wildfire, who was used in the Coldoch Herd for three seasons and then was sold to Señor Enrique Santamarina in Argentina. At the 1962 Palermo Show, he sired the reserve two-year-old champion, who was sold for the breed record price of approximately 9000 guineas. To date, the following sons have been purchased as stock bulls:—Coldoch Wellington, to Señor Mathet, Argentina; Coldoch Telstar, to Señor Lafuente, Argentina; Coldoch Wyndburgh, jointly to the Montrave and Balmullo Herds; Coldoch Premonition and Coldoch Politician, to Calrossie; Coldoch Festival, to Capt. Calrossie Pre-Eminent was 3rd in his class, and one of the champion groups of five and three by one sire, at Perth Sales in 1962, when purchased for the Thorn Herd at 3200 guineas. He is a full brother to Calrossie Power-Drive, stock bull at Coldoch. His sire, the great breeding bull, Banchory Orangeman, carries two crosses of the famous Cruggleton Perfect. His dam, Calrossie Flossy Frances, is considered to be one of the most outstanding cows at Calrossie, whilst his grandam, Calrossie Flossy Flora, is a full sister to Calrossie Wildfire, late stock bull at Coldoch, and now owned by Señor Enrique Santamarina in Argentina.

CALROSSIE TREASURE TROVE (27527), red roan—sire, Gotwick Ragusa; dam, Calrossie Flossy Frances by Calrossie Claymore.

Calrossie Treasure Trove was 1st, reserve supreme and reserve senior champion, and also one of the group of two best bulls at Perth in 1967, when purchased for 620 guineas by the Anderson Brothers of Burnton, Kair and Morphie. He was always a big, noble animal with great strength and a good roof, and as a calf he was supreme champion at the Northern Counties Show at Inverness. He is from the classic Floss family, and his dam, Calrossie Flossy Frances, now 14 years old, is still in thriving condition and in calf once more. She has produced several other noted bulls—Calrossie Power-Drive, 2000 guineas; Calrossie Pre-Eminent, 3100 guineas; Calrossie Telstar, 3400 guineas; and only last year the grand bull Calrossie Headway, reserve junior champion and sold to Mr. Douglas Wilson, Corsindae, for 500 guineas.

Amongst numerous others, he sired Dron Zodiac, senior champion at Perth in 1964, selling for 1800 guineas; also Dron Dorothy Yasmin, who twice won her class at the Royal Highland Shows at Edinburgh in 1962 and 1963, and was also 1st prize heifer at the R.A.S.E. Show at Newcastle in 1962, and female and supreme champion at the Perthshire Agricultural Society's Show at Perth in 1963; and Dron Princess Xtra, 1st and female champion at the Royal Highland Show in 1968, and 1st and female champion at Perthshire Agricultural Show in 1968—the only times that she was shown.

Glamis Scotch Thistle was purchased for Westdrums for 2700 guineas at Perth Sale in 1963, where he stood 2nd in his class to the top-priced bull. His first son was 1st in his class at Perth Sale in 1965 and sold for 1300 guineas to Miss Freda Simmonds. His first five sons sold at Perth Sales have averaged just over 700 guineas.

Kair Marcellus was selected for use in the Baldowrie Herd because he had tremendous strength of bone and much substance. In addition, his sire, dam, and ancestors on both sides have all been animals of exceptional size and substance together with lots of quality. Kair Victoria Sylvia was a famous show cow.

KAIR MARQUIS (26100)—sire, Beaufort Graduate.

Kair Marquis was withdrawn at Perth Sales in 1966 at 2800 guineas. He was subsequently purchased privately for a substantial figure for use in the Dron Herd, where his gets, both male and female, are most promising.

LOUADA

CONSTRUCTOR (P) (137), red, calved 15th October, 1959, bred by Louada Farms, Ltd.—sire, Bapton Constructor (6414); dam, (X498233) Queen of Hearts A.F. 3rd (P) by Camson Better News (329171).

Constructor (P) is regarded by many as one of the best-headed Polled Shorthorn bulls in the breed to-day. He is a bull with tremendous bone and substance and great hind legs. Of a beautiful, dark red colour, he is the only polled bull in the world by the great Bapton Constructor, and is from the same Thieman Queen of Hearts family as the great Bapton show cow, Queen of Hearts 18th (P). Camson Better News is by Calrossie Good News, who was 1st at Perth in 1949 and was reserve junior champion and a member of all the championship groups, and was later sold to the Saltoun Herd for 6000 guineas. Constructor (P) was never beaten by any Polled Shorthorn in Britain. During the show season of 1963 his winnings included male and supreme champion at the Royal Northern Show; male champion (in both the Horned and Polled competition) at Ellon; male and supreme champion at Turriff; and male and reserve supreme champion (in both the Horned and Polled competition) at Keith. In actual fact, he divided the two great Bapton cows, which were supreme champion and reserve supreme at the Royal Highland Show. He has been used extensively on a lot of the old, horned, Bapton females, and over 75% of his calves out of these cows have been polled. In 1964, Constructor (P) won many prizes, including male champion at the R.A.S.E. Show—the first time this coveted award has been won by a Polled Shorthorn, and, along with Bapton Queen Janetta, represented the Beef Shorthorn in the Burke Trophy competition. In 1965, at the R.A.S.E. Show, a daughter of Constructor (P), Rona Blythesome of Bapton (P), won the female championship—the first time ever that a Polled Shorthorn has won this award, and she, along with Denend Glenlake, stood reserve in the Burke Trophy inter-breed competition. Constructor (P) weighed over one ton when going round the 1964 summer shows. He was sold to Major The Rt. Hon. R. H. Turton to head his Polled Shorthorn Herd at Upsall Castle.

Minute

MINUTE of the THIRTY-SECOND ORDINARY GENERAL MEETING of THE BEEF SHORTHORN CATTLE SOCIETY, held in the Station Hotel, Perth, on SATURDAY, 10th FEBRUARY, 1968, at 6 p.m.

The President, Mr. P. H. Dickson, Craighead House, Blair Drummond, by Stirling, occupied the Chair, and the Secretary, Mr. T. M. O. Lang, was in attendance.

The attendance of Members numbered approximately thirty-one.

Minute of Annual General Meeting—1967

The Minute of the Thirty-First Ordinary General Meeting held on 11th February, 1967, as published in the Annual Report, and circulated to all Members, was unanimously approved on the proposal of Dr. James Durno, C.B.E., LL.D., seconded by Mr. H. W. Melville.

Annual Report and Accounts for 1967

The President reported to the Meeting that the loss of £307 was less than in 1966 by £227, in spite of a decrease in revenue from Commission and Levy of £988.

A substantial saving of £400 had been made by altering the style of the "Record" to a smaller size, and the Secretary was to be congratulated.

In addition a further saving of £340 was made in the Highland Show Stand Maintenance Account with the erection of the new permanent Stand.

The President raised the question of the Annual Subscription, suggesting that if more people paid by Banker's Order it would solve the problem of Subscriptions being in arrears. The whole question of arrears would be thoroughly gone into by the Finance and General Purposes Committee in the near future.

On the motion of Captain G. G. Rutherford, seconded by Mr. G. W. Pitcaithly, the Report and Accounts for the year to 31st December, 1967, were unanimously approved.

Election to Board of Directors

The President reported to the Meeting that, in accordance with the Society's Articles of Association, nominations had been received for the election of Members to the Board of Directors, and the following results were declared, viz.:—

North of Scotland District: Mr. G. F. Durno, Cairnbrogie, Oldmeldrum, Aberdeenshire; Mr. D. P. MacGillivray, Calrossie Mains, Nigg Station, Ross-shire.

South of Scotland District: The President reported that four nominations had been received to fill two vacancies and the result of the postal vote was as follows:—The Hon. Mrs. Dewhurst, Dungarthill, Dunkeld, Perthshire; Mr. A. H. B. Grant, Thorn, Alyth, Perthshire.

England and Isle of Man Districts: Mr. A. L. Smith Maxwell, Welland Lodge Farm, Upton-on-Severn, Worcs.

Wales: Mr. H. Ll. Greenshields, Tyddyn Whisgin, Caeathraw, Caernarvon.

N. Ireland and Eire Districts: No nominations had been received for these Districts.

Election of President

The President proposed from the Chair that the Vice-President, Mr. R. H. Watherston, C.B.E., Crichton Mains, Ford, Midlothian, be elected President of the Society for the following year. The Meeting unanimously agreed.

Election of Vice-President

On the proposal of Mr. R. H. Watherston, C.B.E., Captain G. G. Rutherford, Baldowrie, Coupar Angus, Perthshire, was unanimously elected Vice-President.

Auditor's Remuneration

On the proposal of Lt.-Col. H. L. Dewhurst, seconded by Mr. P. H. Dickson, the Meeting unanimously agreed that the present Auditors, Messrs. Morris & Young, C.A., be re-appointed for the ensuing year, and their remuneration be fixed at sixty guineas.

Other Business

Performance Test: The President reported that ten bulls from the Performance Testing Centre would be coming out for the March Sale, and reminded the Meeting that an Open Day would be held at Oatridge Farm on the 14th February, 1968, which would be attended by Mr. W. H. E. Lewis of The Beef Recording Association and the Management Committee of The Beef Shorthorn Cattle Society.

Breed Improvement: It was reported that Meetings arranged with The Aberdeen-Angus and Hereford Cattle Societies in connection with the future policy of A.I. had been postponed due to the outbreak of foot-and-mouth disease, but it was hoped that a Meeting would be arranged some time in March.

Shows: Dr. James Durno, C.B.E., LL.D., Uppermill, expressed his thanks to the Breeders for their support at the Royal Highland and Royal Shows and urged them to make every effort in the future, as they had done in the past, by exhibiting their cattle at these Shows.

The Meeting concluded with Mr. R. H. Watherston, C.B.E., proposing a Vote of Thanks to the Chairman.

Directors' Report

for the year ending 31st December, 1968

Finance

The Revenue Account shows a loss of £853 6s. 1d. as against £307 6s. 8d. for the corresponding period last year. An increase in expenditure of £170 9/-d. is shown under Highland Show Stand Maintenance due to one and a half year's Rates being paid as the Permanent Stand at Ingliston was not assessed until late in 1967, in which year no Rates were paid. Prize Scheme and Medals Account also shows an increase—£166—mainly due to Mr. D. B. Sinclair's successes at The Royal Smithfield Show and The Scottish National Fatstock Shows, which awards were not won last year. Other expenditure was carefully controlled and there was a substantial saving in Advertising and Propaganda of £266.

Subscriptions were raised from £1 to £2 2/-d. per annum from 1st January, 1968, and income was increased by £251. Commission and Levy, however, showed a substantial decrease of £623, due mainly to the very poor sale in February.

Subscriptions are still substantially in arrears, and your Directors make a special request for those Members concerned to bring them up to date.

Payment of Fee to Livestock Agency

Your Directors have again agreed to pay a fee of £500 to Messrs. Thomas Lawson & Co., Hereford. This sum includes the cost of maintaining stands at the main English Shows and they are also responsible for publicity and display pens at the Royal Dairy Show and Smithfield.

Breed Improvement

The following proposal has been passed by your Directors:

"That this Society agrees to the use of semen or natural service from bulls not eligible for registration in Coates's Herd Book (Beef), the progeny to be placed in an Experimental Register until such time as they merit up grading to Coates's Herd Book (Beef)."

Permanent Stand at Ingliston

The Stand again proved to be of considerable benefit to Members at the Royal Highland Show. It will be observed that the cost of maintaining the Stand has risen and this is due to the exorbitant rates imposed by Midlothian County Council.

Performance Test at Oatridge

The Performance Test ended in March with the bulls concerned going forward to the March Show and Sale in Perth. The Supreme and Reserve Supreme Champions were both at Oatridge.

International Shorthorn Congress

Due to lack of support, the International Shorthorn Congress will not take place in 1969, but your Directors are hopeful that circumstances will allow for it to be held in 1970.

Membership

Membership of the Society shows a further decrease and now stands at 237 Home and 51 Overseas Members, an overall decrease over last year of 20.

Your Directors note with regret that 80 Home and 30 Overseas Members are in arrears with their subscription, partly due to the fact that some Members did not change their Banker's Order Forms when the subscription was raised from £1 to £2 2/- on 1st January, 1968.

Your Directors feel that they have no option but to withdraw the privileges of any Member whose subscription is outstanding for a period of over one year.

Royal Smithfield Show

The heartiest congratulations of all Members are due to Mr. David B. Sinclair, Abernyte Farm, Inchtute, on his winning the Supreme Championship at Smithfield with his Phoenix Freeze by Marden Best out of Ochil Buttercup Girl. This is the first time a pure bred Beef Shorthorn has been Supreme Champion since 1915 and he was eventually sold at a Smithfield all-time record price of £3,100.

Special Prize at Royal Show

The Society has been notified of an offer of a Special Prize of £50 to be awarded to the Male Champion in the Beef Shorthorn Section at the Royal Show. The offer is from "a grateful Member of the Western Washington and Oregon Shorthorn Association of America, in recognition of the good blood-stock received from Great Britain."

22 George Street, Perth, 9th January, 1969.—We have audited the Books and Accounts of the Beef Shorthorn Cattle Society for the year to 31st December, 1968, and have obtained all the information and explanations, which, to the best of our knowledge and belief, were necessary for the purpose of our audit. Dear Member,

I draw your attention to forthcoming events and other matters.

ANNUAL GENERAL MEETING

The Thirty-Third Annual General Meeting is scheduled to be held in the Station Hotel, Perth, on Saturday, 8th February, 1969, commencing at 6 p.m., when I trust you will find it convenient to attend. A copy of the Annual Report and Accounts for 1968 is enclosed.

ANNUAL DINNER/DANCE

The Society's Annual Dinner/Dance will be held on the evening of Monday, 10th February, in the Station Hotel, Perth, at 7 p.m. for 7.30 p.m. Tickets, price £2:10/-d. will be available shortly and Members are requested to make early application in order that the Hotel can be advised of the likely numbers to be in attendance. The success of this event rests on your support and it is hoped that as many Members and their guests as possible will attend.

Kindly note that tickets should be produced as arrangements have been made for their collection at the Dinner.

HERDSMEN'S SOCIAL

This function will be held in York House, York Place, Perth, on Monday evening, 10th February, 1969, commencing at 7.30 p.m. There has been a slight falling off in attendance in recent years and the fullest support of all Herdsmen is solicited.

Tickets, price 16/-d. each are available from this office on application.

ANNUAL SUBSCRIPTION

Your Annual Subscription, which Members are reminded is £2:2/-d., is now due, and if it has not already been sent, I shall be pleased to receive your remittance at your earliest convenience. The day to day working of the Society depends on prompt payment of Subscriptions.

I would earnestly request all Members, who do not already do so, to arrange for their annual payments to be made by Banker's Order, which method saves considerable expense to the Society. In this connection, I enclose herewith a Form for your completion and return to this office.

"BEEF SHORTHORN RECORD"

I would like to take this opportunity of thanking those Members who reserved advertising space in the recent December issue of the "Record". Advertising accounts are enclosed herewith.

In/

In order to reduce costs, I would ask those Members who have not advertised in previous issues to give serious consideration to doing so in the next issue. Distribution of the "Record" amounts to 3,000 copies both at home and overseas and is an excellent medium of advertising your herd.
